Our brand colours are vital to our visual identity and **distinguish us from our competition.**

The colours must be reproduced with precision and consideration. Our colour palette has been created from a deep, engaging, energising gradient developed from the original MVA blue and evolved into a stunning blend.

To infuse warmth and harmony into the brand's physical and digital assets, we've developed a series of gradients derived from the brand's colour palette.

Please limit the use to background only.

Using fonts, weights, and sizes will achieve this by creating a visual hierarchy that assists the reader in navigating the text. We highlight words, or phrases for emphasis. **Always horizontal see below.**

Viney Bold should be used for the headings and titles and Darkmode on/off should be used for the sub text and body copy.

MVA ‘V-Child’

We have integrated the ‘V-child’ element from the M’VA’ of the identity, using it as a distinctive device to act as a watermark in the background of assets.

This approach visually reinforces MVA’s commitment to providing exceptional care for every student.

MVA Circle

When a document is copy-heavy, and accessibility is key, the circle device, seen below, is preferred for holding an MVA image.

Meet Suzanne

World-class, award-winning, virtual schooling for ages 11-18, built on personal mentoring and community, run by teachers from the UK's top schools, and proudly accredited by the Department for Education.

We are a new vision for education in the 21st Century, combining the best of independent schooling with homeschooling, and delivering it all online.

They learn at their own pace through a mixture of live group lessons and online modules, all with the support and care of a personal mentor. They take their GCSE and A-level exams, join clubs, attend school assemblies, make life-long friends and achieve fantastic results.

Explore and enjoy prospectus, speak with us if you have any questions, we look forward to your joining ours so that we can help your child thrive.

Traditional schooling isn't the perfect fit for every child.

Wellbeing

The MVA Wellbeing Programme is all about supporting our students' health and happiness!

Each week, students join a fun 45 minute long session on Google Meet that fits perfectly into the MVA timetable, alongside Live Lessons and self-study. This program is part of our comprehensive "whole school" approach, promoting wellness in every aspect of school life. By focusing on wellbeing, we aim to positively impact both personal growth and academic success for all our students!

The MVA Wellbeing Programme is designed to empower young minds to thrive in the face of any challenges they may encounter and to create a nurturing environment where every student feels supported and capable of reaching their full potential.

Digital Marketing

These examples demonstrate a ‘full bleed’ image and/or gradient approach successfully.

When an image is not needed to enhance the message, a full-bleed gradient background is used instead.

Website

The website design authentically embodies the brand’s identity, personality, and tone of voice through a thoughtfully curated selection of imagery and visual elements.
